We support you worldwide with offices in Germany, Turkey, Great Britain and the USA.  
For further information contact your local distributor (see last page of this data sheet).

➔ Driver update from V1.4.x.xxxx or V2.x..x.xxxx to V3.0.1.9320

Since the major version of the driver has changed, it will become necessary to entirely remove existing older drivers from the system in order to use the new driver.

This is done the following way:

- Remove every Artista device from the control PC.
  - Uninstall the previous ArtistaDisplay (Mainclass driver with desktop) driver
  - Uninstall the previous Mainclass driver
  - Uninstall the Netbus driver
  - Reboot the system after these steps!
  - Run the "ArtistaRegCleaner" from the V3.0.1.9320 driver package.  
Reboot afterwards.  
(This step is essential in order to removed old driver registry entires!)
  - Install the new drivers as needed.
  - Connect now each device again to the system and go through the installation procedures.
-
